RECOGNITION OF PUBLIC

Skylynn Howard and Jay Roberts.

- Ms. Howard is an Elkhart resident with a business, Afterlife Beauty. She cleans and restores headstones using a "proper" chemical called v2, a solution that doesn't harm plants. She circulated photos and her brochure around the table. She has been contacting different government agencies to get approvals to do the hired work and asks for the Village Board to approve. The Board doesn't have the authority to do that but welcomed her and referred her to Virginia VanPelt with the local Cemetery Association.
- Jay Roberts from Elkhart restaurant "The Talk" discussed another incident of a vehicle driving into their building. Discussions of possible preventive measures; discussion about parking and safety measures that the Village will try to help with.

PRESIDENTS REPORT

Lyle met with Rich Adams for discussion of preparation of the required IEPA water report; he does not have the work back yet. Liquor licenses will be issued this month.

SOLID WASTE

LOCAL EVENTS LIAISON/ECONOMIC DEVELOPMENT

No report.

WATER/SEWER DEPARTMENT

Matt Fights reports he is still getting "middle of the night" calls on relays as the pump house sensors are tripping. Lyle will follow up with Petersburg Plumbing to install the sensors that go down in the tank to address that.

STREETS/ALLEYS

John Galassi has followed up with Logan County Board members to attempt to escalate some action on the issue of standing water holding in the ditches. Lyle will also make contact again to get this addressed.

BUILDINGS/VILLAGE PROPERTIES/EQUIPMENT

No report.

VILLAGE PARK

- Travis Moore reported that the fish supplier from Nemo's is scheduled to return on 6/5/25 to resupply some of the fish hatchlings. As often happens, some of the hatchlings didn't survive transport. Village maintenance is feeding the fish three days a week for now.
- The Village secured "jersey blocks" from the mine and will use them to relocate the rock and salt supply that is currently stored out near the pond. Jerry Davis is going to let the Village relocate that storage over to property near the existing "burn pile".
- The Village will begin installing the aeration system.
- Matt Fights reported that Paul Hayden (Assistant Fire Chief) can arrange for Milo Wurth, (trained and willing) to dive the pond for Elkhart. He will help diagnose some problems with the existing equipment and can help map the depth of the pond. This could be scheduled soon, after the aeration system is lined out.

PUBLIC HEALTH AND SAFETY

No report.

FINANCE

No report.

OLD BUSINESS

Contract with Aquatic Control for treatment of Elkhart Lake. Travis Moore helped to negotiate the contract to a monthly payment of \$530 each month for 12 months.

NEW BUSINESS

Discussion Items/Action Items

- 1) The Energy Transition Community Grant has opened, and Elkhart is working to submit application. There will be more discussion to follow. This is an initial phase.
- 2) Need to upgrade to a new computer to resolve ongoing problems with the water billing process. Amy Roberts reviewed the problems and will proceed to replace the computer for under \$1000.

3) Animals. There have been multiple questions and concerns expressed about dogs that are let loose in Elkhart. Lyle reviewed that dogs are not to be let loose to roam in Elkhart!

- He reviewed how Elkhart works with Logan County Animal Control: When a dog is reported loose and the Logan County Animal Control is called in to retrieve the dog, the charge to Elkhart is \$200. Each time. *That cost will be passed on to the owner.*
- Elkhart has an Animal Control Ordinance – if your pet is running loose, that is disturbing the peace. Day or night. **Don't let your animal run loose!**
- The Ordinance is linked on the Elkhart website - <https://www.elkhartillinois.com/bulletin-board>

RESOLUTIONS

Elkhart's contract with the Illinois Municipal League Risk Management Association requires an Elkhart Return to Work Policy to be completed by September 2025. Don submitted the policy for review. This will be completed and submitted for final vote next month.

Elkhart Community Picnic and Firefly Walk

Join us on Saturday, June 14th (rain date June 21st) at 5:30 p.m. for a community picnic at Nancy Jane Moore Community Park, 109 Stellar St., Elkhart, Illinois. Bring your own dinner and enjoy time for the kids to play. If you don't want to picnic, you can still join us for the walk later. Please arrive at the park by 7:20 p.m.

At 7:30 p.m., we will drive together to the north end of Elkhart Hill, to the grounds of Bob and Lynne Neal, where the Firefly Talk & Walk will start. Allen Yow, who spoke about fireflies at last summer's Elkhart Historical Society dinner, will guide us.

Allen leads firefly tours in Springfield and Jacksonville each year and is excited to show us this summer wonder. Fireflies, also called lightning bugs, glow worms, or moon bugs, all refer to the same insects. Their different light patterns help us tell them apart. They use these lights to attract mates. Habitats are important for all living things, including these amazing summer lights. Come learn more and help us protect them for future generations.

This event is free and family-friendly, organized by the Elkhart Historical Society. The Talk of the Town Restaurant will provide food options for the picnic, with further details and meal prices on the menu available. Please read the instructions for an easy picnic dinner solution. You can call 217-947-2238 with any questions. Bring insect repellent and a blanket to sit on during the walk. Enjoy the beauty of Elkhart Hill, and we hope to make this an annual event!
