Elkhart Poultry-Keeping Public Survey

Purpose: The Village of Elkhart is seeking community input about whether and how poultry keeping should be regulated. "**Poultry**" in this survey means domestic birds such as chickens, ducks, turkeys, and other similar birds. Your answers will help inform community discussion; they do not determine or change local rules.

Please complete this survey and return it to the water payment drop box at the Village Hall **before Friday, November 27, 2026**. This issue will be discussed during the December 2026 Village Board Meeting.

Resident Completing the Survey (Optional): _____

1. Are you in support of a policy that would allow residents living within the Village of Elkhart to raise Poultry on their property?

   ◯ YES ◯ NO Comments:

2. If permitted, would you be interested in raising Poultry on your property?

   ◯ YES ◯ NO

3. If permitted, what is the maximum number of Poultry a resident should be allowed to raise on their property?

4. If permitted, what measures should the Village consider implementing to monitor residents and to enforce local rule?

5. Would you support requiring residents to obtain a permit before keeping Poultry?

   ◯ YES ◯ NO

6. Other concerns or recommendations to share with the Village on this topic?

Thank you for completing this survey. The Village appreciates the communities time and input.
